

Precautionary Statements:

If spilled, surface will become slippery.

This product is considered non-hazardous to Humans, Fish or Animals. No Protective clothing is required. However, it is recommended that gloves and eye protection be worn when handling, mixing and applying. May cause skin and eye irritation.

If product comes in contact with skin, wash with soap and water.

If product comes in contact with eyes, flush for 15 minutes with pure water. If irritation persists, seek medical attention.

**NO KNOWN ENVIRONMENTAL HAZARDS.**

Storage and Disposal:

Avoid storage that may result in freezing. Store at temperatures above 40°F and below 70°F. High heat can cause the container to expand.

**KEEP OUT OF REACH OF CHILDREN AND ANIMALS.**

Store in cool dry area, avoid high temperatures, and carefully open containers. Shelf life of this product is 1 Year or longer if maintained at temperatures below 70°F. Discoloration might occur after time.

In case of spill, confine with any absorbent material.

Then wash area with soap and water.

Dispose at any sanitary landfill or other waste disposal site.

Warranty:

NaEx Corp makes no warranty, either expressed or implied, concerning the use of this product other than indicated on the label.

NaEx Corp recommendations for the use of this product are based on tests believed to be reliable. The use and application of the product is beyond the control of the manufacturer, therefore no guarantees or warranties are expressed or implied relating to the effectiveness or performance of the product. Applicators applying this product assume responsibility for its efficacy.

U.S. Patents Pending

# **Firecide Turf-Cote™**

## **RTU**

(READY TO USE)

**The combination product FIRECIDE and TURF-COTE provides a rich green color to grasses and vegetation that may be dead or dried due to lack of water or disease.**

**FIRECIDE contains extinguishing components that prevent the spread of a fire resulting from the introduction of a heat source.**

**FIRECIDE TURF-COTE should be sprayed evenly over the area insuring complete and even coverage. Shrubbery and elevated vegetation require application from the top down and bottom up, to insure the underside is coated.**

Net Contents 2.5 Gallon unless indicated below.

Contents:

Acrylic water based turf colorant and FIRECIDE

Application Rates:

Rates will vary depending of the type of grasses and vegetation to be treated. Small area should be tested to determine the product coverage required.

An anticipated rate for most grass applications is 10 to 20 gallons per acre.

Application Method:

Spray FIRECIDE TURF-COTE RTU (ready to use) as is, **DO NOT ADD ANY WATER.** Apply in one direction and then apply perpendicular to the first. **DO NOT APPLY** when the ambient temperature is below 50 degrees F. Do not apply when rain is imminent.

Improper application will adversely affect performance.

**Allow a minimum of one to two hours of drying. Firecide will become active within 3 hours after application.**

Sprayer Tank Instructions:

Gradually add to the tank while agitating. Agitate well during filling and application. Remove all screens and filters from nozzles, spray guns, and pumping systems. A diaphragm pump back pack sprayer may be used. Clean sprayer tank thoroughly after use. Unused mixture may be sealed and used at a later date.
